## 3 Editorial comment

Tracy Crooks

## 4 The impact of clinical decision support tools on patient safety and the quality of patient care in clinical research

Decision support functions, supported by electronic data capture, can help enhance the safety and quality of care of clinical trial patients.

Stephen Goundrey-Smith

## 8 Ensuring compliance with European personal data protection regulations in the context of pharmacovigilance

Regulations on processing Personal Data need to be harmonised throughout Europe to improve the detection of adverse effects and protect public health.

Anne Bahr

## 12 How a non-UK company managed a MHRA pharmacovigilance inspection: Personal experience and recommendations

Practical advice and recommendations to help ensure a successful inspection.

Mechthild Waldeyer

## 15 A question of adherence

Non-adherence to a medicines regimen is costly and puts the patient at risk. The author details various ways of addressing this widespread problem.

David Pruce
